YEAR BOOK EDITORS

First Row: John Vara, Sandra Fricano, Shraon Heavern, Brzezinski, Antoinette Loretto, Carol Lawton, Rosella Li
Cathy Morgano. Second Row: Paul Gartley, Paul Veeche.

To the Readers of our Book:

We, the editors of the "1961 Reverie," have attempted to continue the goal of the yearbook, as it has been done in the past. That goal is, to bring the school and community into closer relationship.

This year the "Reverie" would like to give recognition to the maple sugar producers who have contributed to the progress and success of our locality.

The yearbook is a pictorial history of a student's progress throughout his school year. Therefore, we have tried to depict every phase of school life with pictures which we feel is more appropriate than writing about them. A picture is worth a thousand words.

The editors would like to thank everyone for his help and cooperation in producing this yearbook.

Now, it is a pleasure to present to you, the "1961 Reverie," a symbol of cooperation among the school, the community and its environs.

Sincerely yours,

Cathy Morgano

Twenty-third Psalm

THE Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures. He leadeth me beside the still waters. He restoreth my soul: He leadeth me in the paths of righteousness for His name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil: for Thou art with me; Thy rod and Thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies. Thou anointest my head with oil: my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I shall dwell in the house of the Lord forever.

HANJI SADAMORI

In January of '60, the American Field Service became very active in North Collins. The purpose of this organization was primarily to bring an exchange student to North Collins Central. We have succeeded in doing that, now our aim is to send one of our pupils abroad and keep bringing in exchange students. The very active and interested members are as follows: Mr. H. Gonzalez, Miss G. Korthals, Mr. J. Valone, Mr. and Mrs. F. Cleveland, Mrs. E. Weller, Mr. E. Gottwizer, Mr. and Mrs. L. Olsen, Mrs. H. Falk, Mrs. N. Milner, Mrs. H. Schuster, Mr. and Mrs. Vincent Coppola, and Mr. D. Tower.

Mr. Hanji Sadamori from Hiroshima, Japan is our first welcome student. He is staying with Mr. and Mrs. Norman Feltz of Cain Road, the pioneer family of this locality in the American Field Service. Hanji is very fond of "Mom" and "Dad" Feltz.

October 25, 1960

To all the students and
the people of North Collins;

I thank you very much

I enjoyed studying and
staying with you all here
at North Collins.

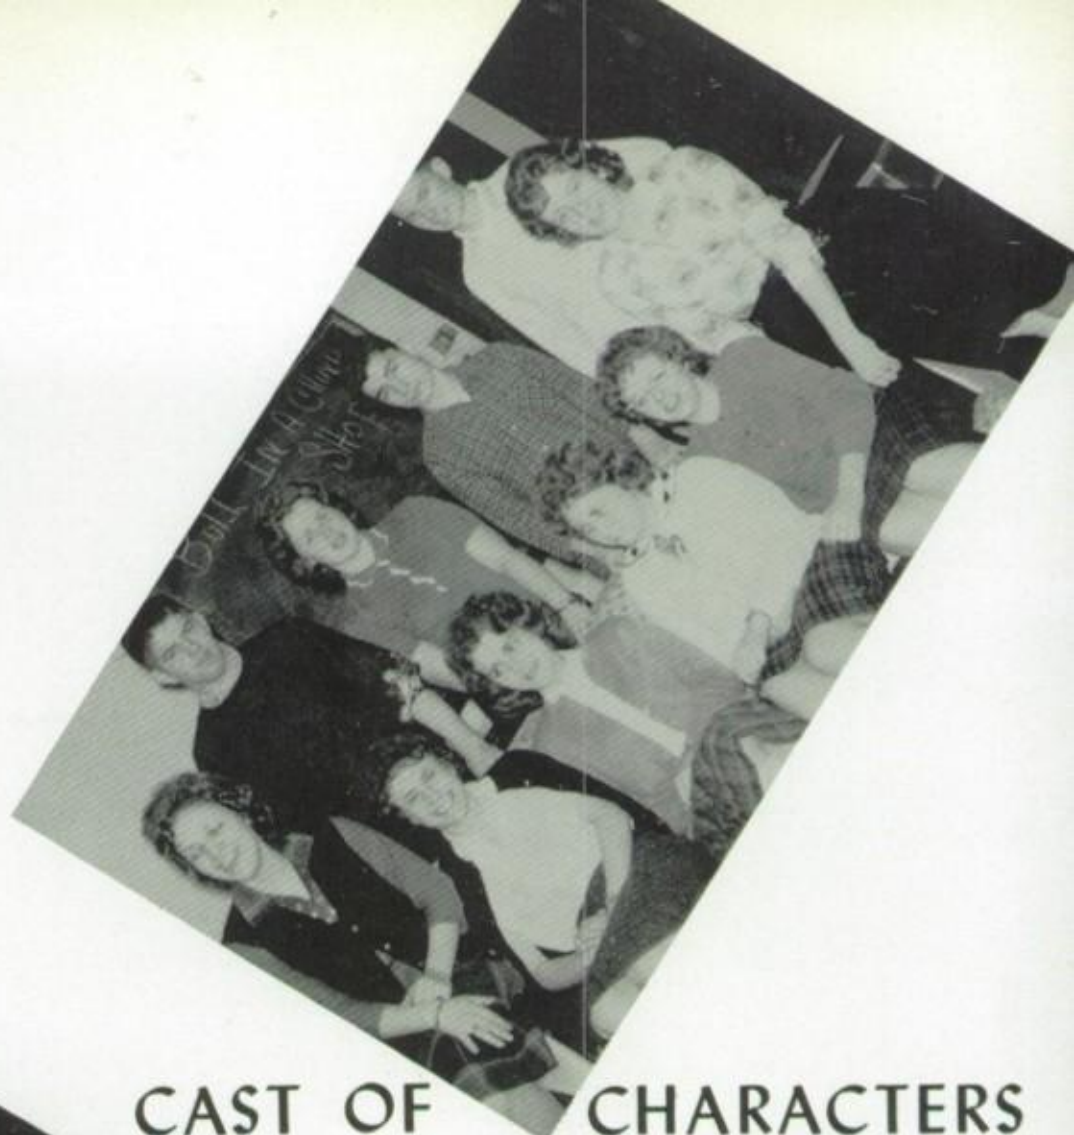

This stay has been most
pleasant and memorable
to me in my life.

I do hope we, the people
of Japan, the United States
and the whole world will
promote this kind of
exchange program. I
believe it will be more
effective than many ambassadors.

I found that very few
people know real Japan or
the real America. The
friendships comes from real
understanding. Good By.

I wish the best of luck
to you all. Hanji

The accompanying graph depicts existing and projected enrollments for North Collins Central School. In the alterations of the high school building to provide more adequate facilities, certain enlarged areas will mean the loss of classroom space for the general academic subjects. To compensate for this, as well as for increased enrollments, it has been suggested that new rooms be added to the elementary school to accommodate more elementary pupils. This would result in the high school more generally approximating that of the Junior-Senior High situation.

THE NEED

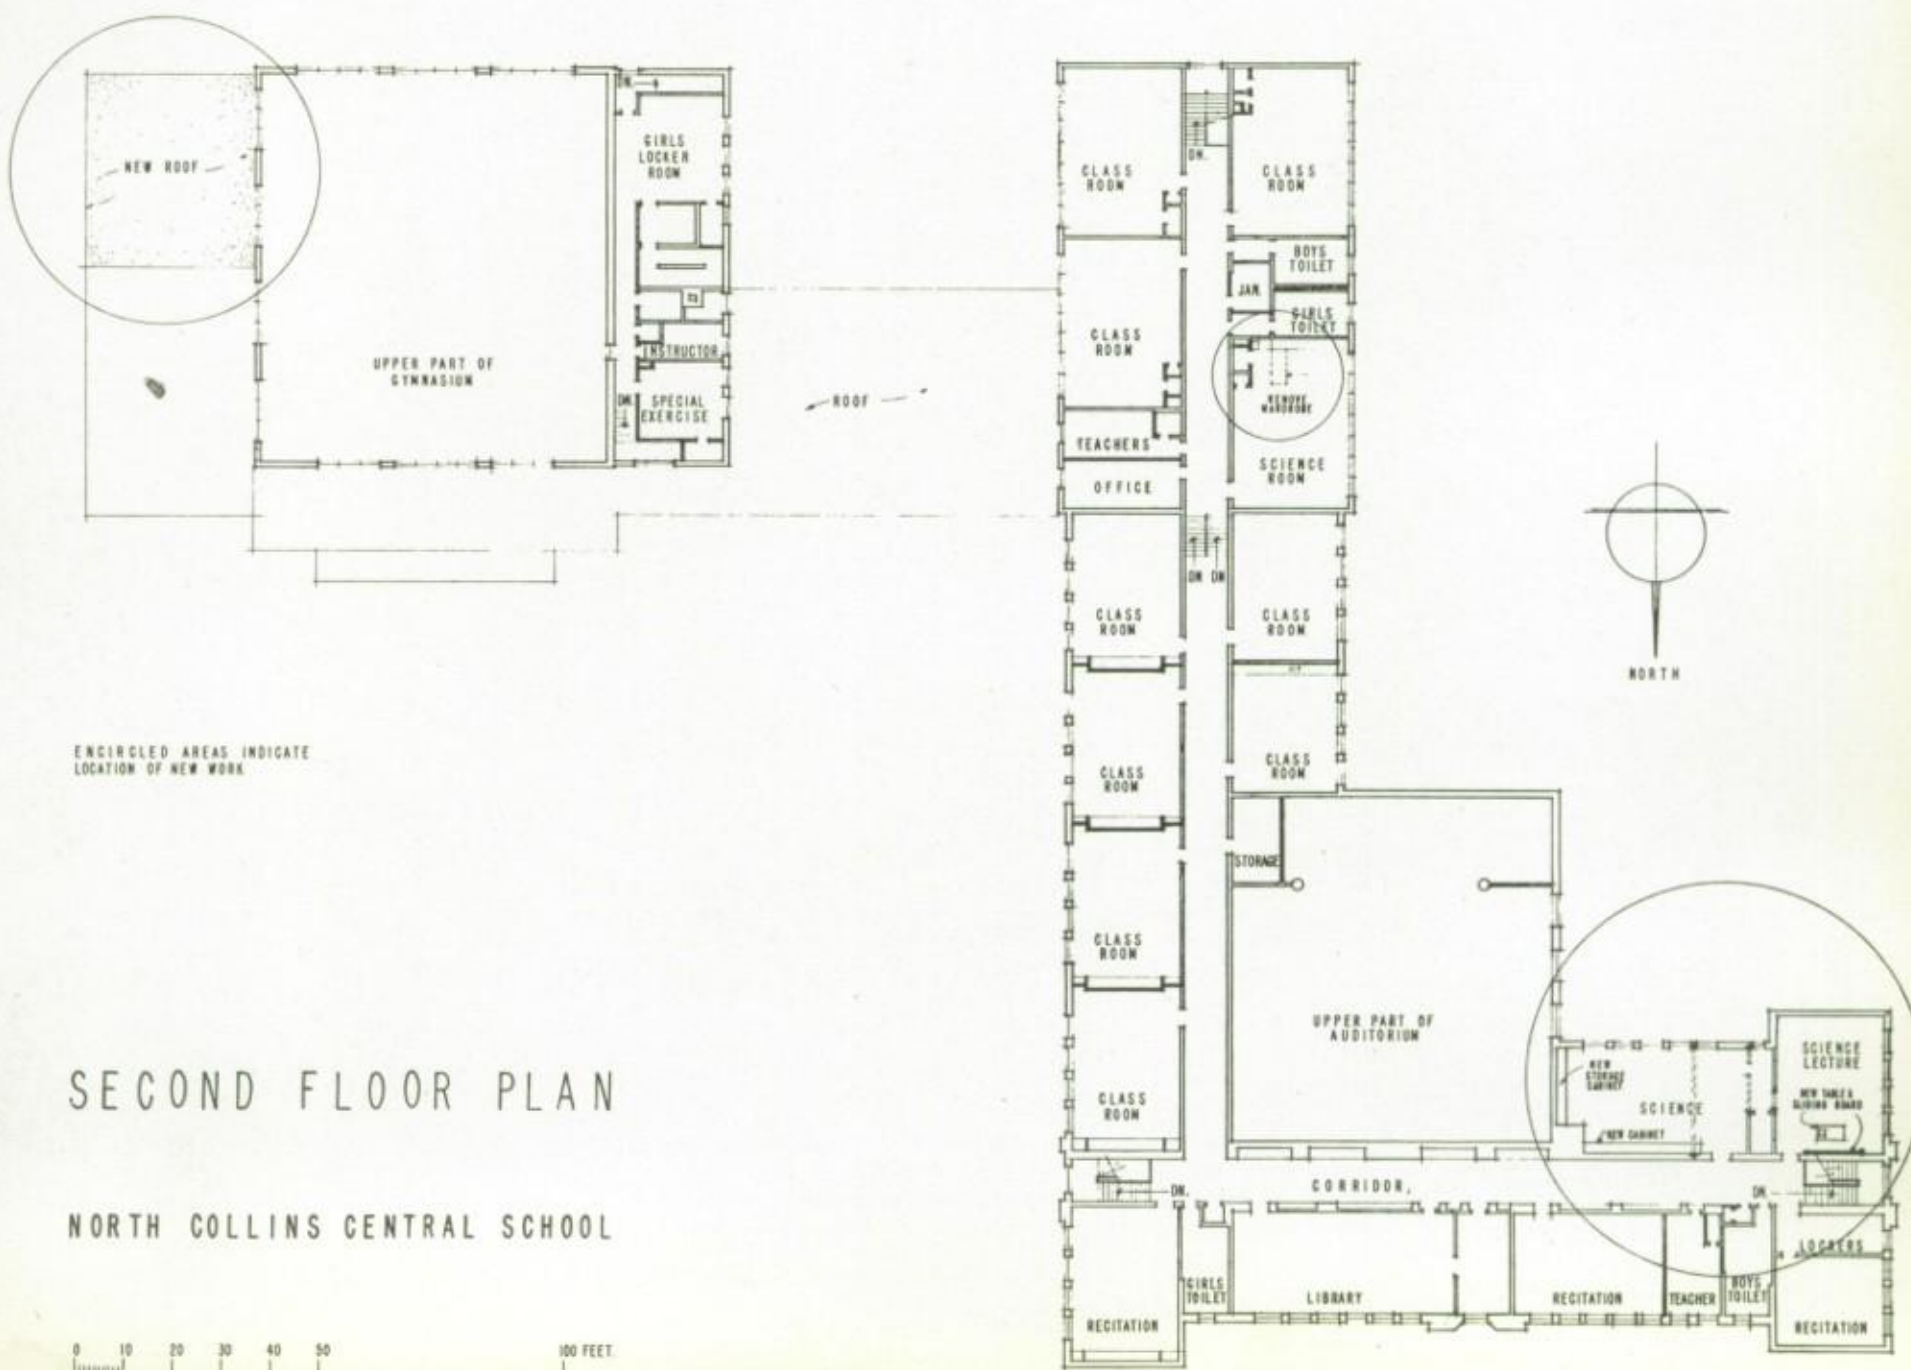

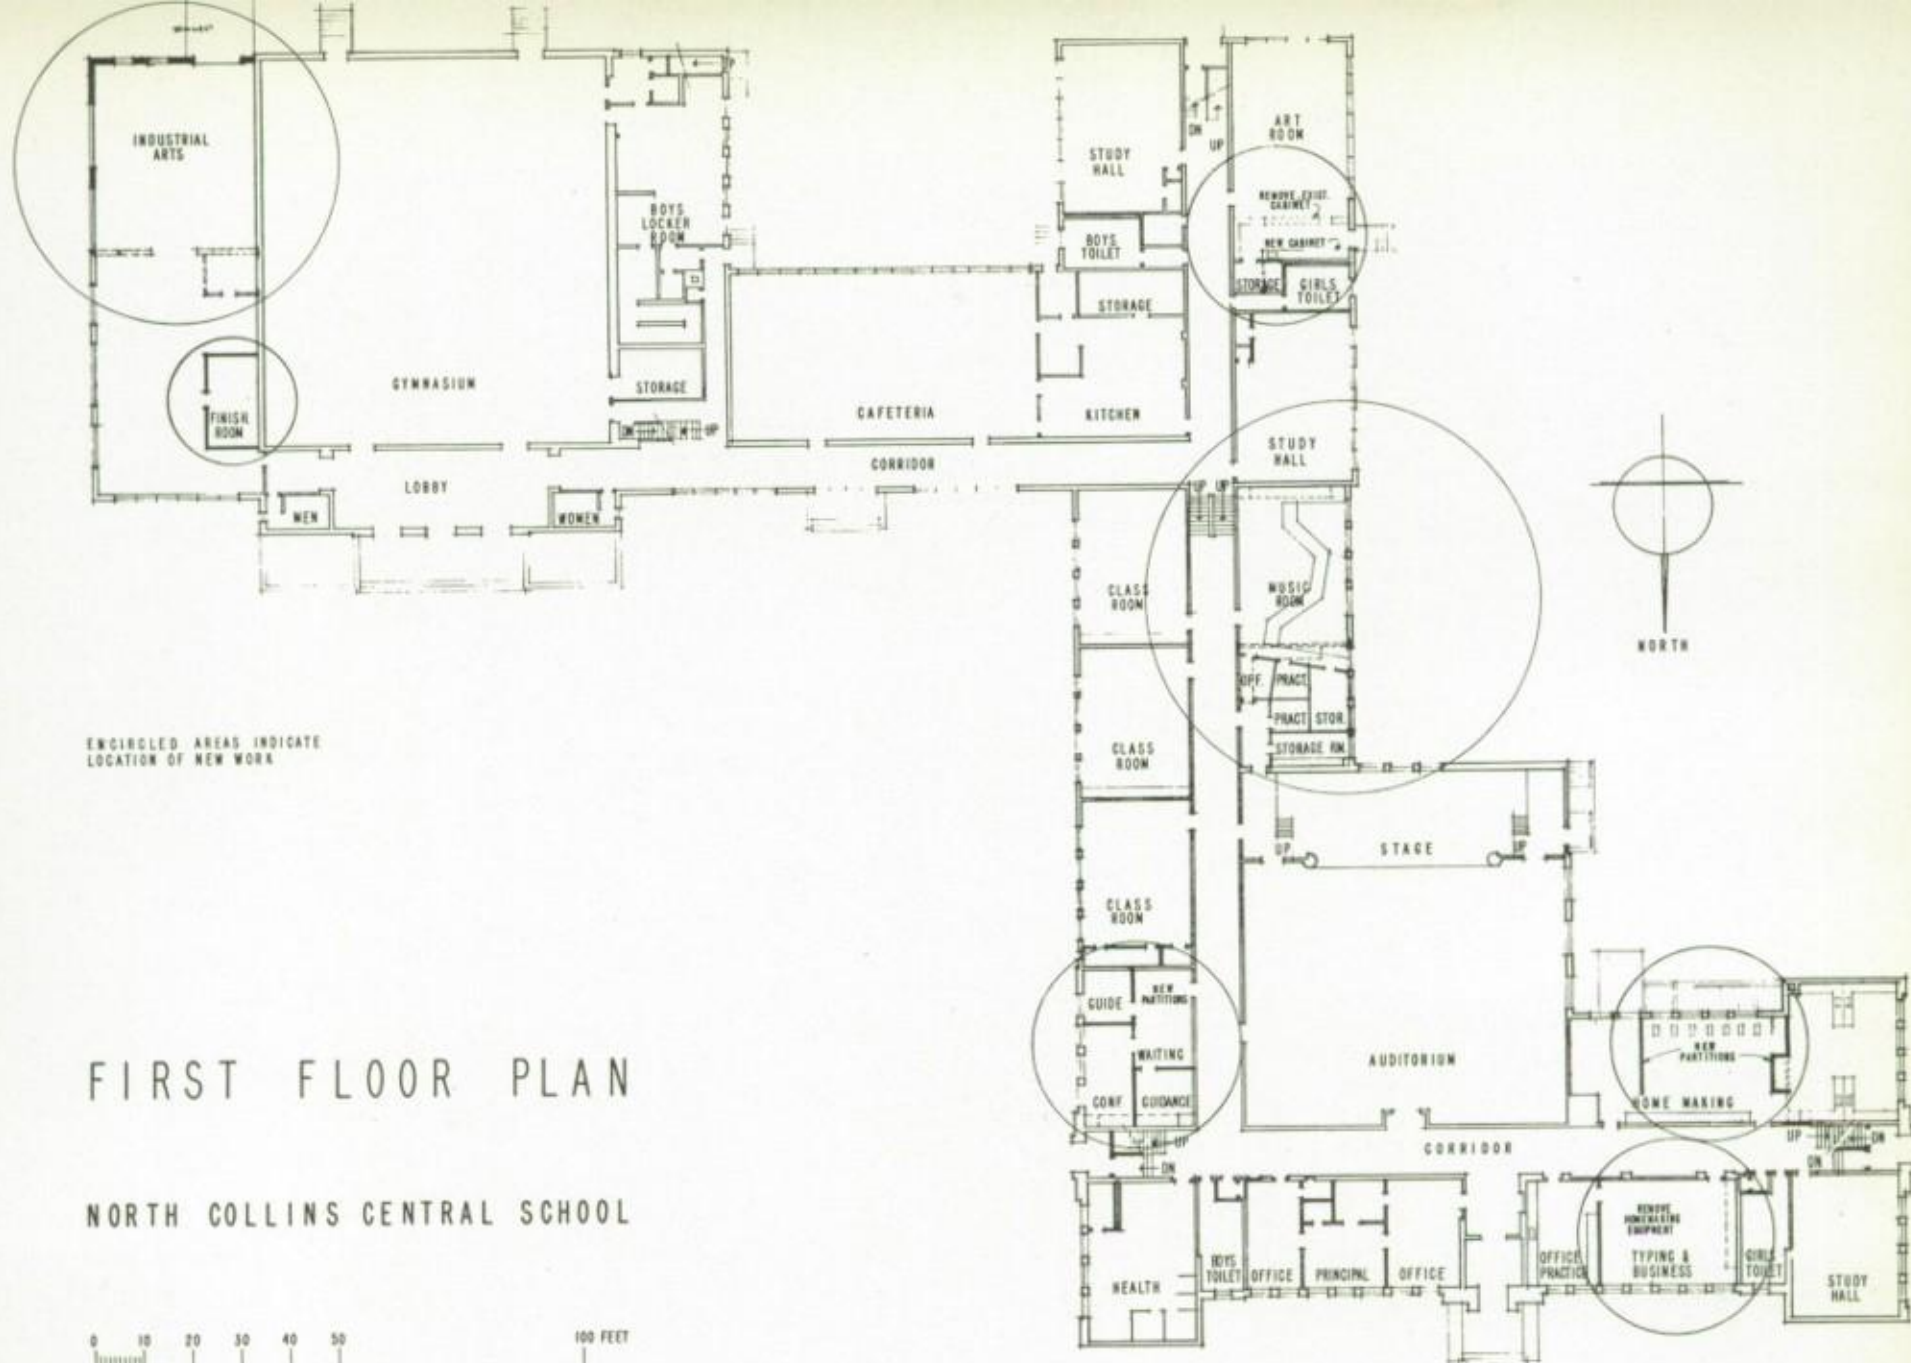

Your Board of Education has made a thorough study of present conditions and needs and offers the following plan as approved by the Division of School Buildings and Grounds of the State of New York, January 18, 1960.

Addition to Elementary Building:

- Seven (7) elementary classrooms
- One (1) elementary library
- Two (2) lavatories
- One (1) storage room
- Two (2) small offices

Addition to Shop and Alterations to High School Building:

- Increase industrial arts area by two-thirds
- Provide an art room for junior and senior high
- Provide instrumental music room for rehearsals, practice and storage of equipment
- Enlarge area for homemaking department
- Enlarge area for business department
- Provide guidance offices and information center
- Increase science laboratory and provide demonstration rooms for junior and senior high science.

THE EDITORS' ADVICE

When the books close, and the last bell rings,
And carefree days are lost to other things,
When nostalgia strikes, and your memory wanes,
And you remember faces but not the names,
Pick up your yearbook and leaf it through
Thus remember the days so dear to you.
